PROCUREMENT COST ADJUSTMENT AND RARM)	
FILING (FILED MARCH 26, 2019))	

ORDER NO. 9371

This 16th day of April, 2019, the Public Service Commission ("Commission") determines and orders the following:

WHEREAS, on March 26, 2019, Delmarva Power & Light Company ("Delmarva") submitted revised electric tariffs and requested approval of the 2019 Standard Offer Service ("SOS") Rates, Procurement Cost Adjustment ("PCA"), and Reasonable Allowance for a Retail Margin ("RARM") (collectively, the "2019 SOS-PCA-RARM Filing"). The 2019 SOS-PCA-RARM Filing included revised tariff leafs 39 to 41; 43 to 47; 50; 112; and 114. Additionally, Delmarva filed workpapers supporting the proposed tariff changes as well as the monthly bill impact information that showed a proposed decrease of approximately \$5.24 (or a decrease of 4.70%) for a typical residential (Non-Space Heating) customer using 840 kWh on an annual average basis; and

WHEREAS, as discussed further below, Commission Staff ("Staff") has begun its review of the 2019 SOS-PCA-RARM Filing. At this time, and pending further review, Staff recommends that the Commission approve Delmarva's proposed rate changes on a temporary basis, subject to refund with interest effective with usage on and after June 1, 2019, and with the appropriate public notice; and

WHEREAS, on December 22, 2009, via Order No. 7703, the Commission approved a Settlement Agreement in PSC Docket No. 09-9 ("RARM Settlement") providing that where the change in the total RARM rate exceeds 5.25%, Delmarva is required to submit a formal filing for review. According to the 2019 SOS-PCA-RARM Filing, the RARM rate for fixed price customers decreased by 57.51% from the RARM rate currently in effect. Therefore, Delmarva considers the RARM component to be a formal filing, and the RARM factor will change. Delmarva included workpapers supporting the results of the RARM factor on an actual basis for the reporting year ending December 31, 2018, and on an estimated basis for the rate effective period. The RARM component will be subject to formal discovery; and

WHEREAS, on October 7, 2008, pursuant to 26 Del. C. § 1007(c)(1) and the Commission's jurisdiction in PSC Docket No. 04-391, the Commission issued Order No. 7461 which approved Delmarva's request to utilize in its annual SOS procurement process a reverse auction process conducted by World Energy Solutions Inc.; and

WHEREAS, on November 26, 2018, and January 28, 2019, Delmarva conducted its fourteenth annual SOS procurement for supply contracts commencing on June 1, 2019. The procurement, which was conducted in two "tranches," secured one-year supply contracts¹ for 16.7% of the residential and small commercial load and two-year supply contracts for

50% of the residential SOS load and one-year contracts for 100% of the load for other "fixed price" types of service. Liberty Consulting Group, Inc. ("Liberty"), along with Staff, observed and evaluated the supply procurement in each tranche; and

WHEREAS, at the Commission's February 14, 2019, meeting,² Liberty presented its final report dated February 21, 2019, which discussed the details of each procurement and the successful bids for the 2019 SOS RFP. The 2019 SOS-PCA-RARM Filing reflects the results of the successful bids, as well as the PCA and RARM; and

WHEREAS, as discussed in its report, Liberty found that the auction resulted in bids that were consistent with expectations based on market conditions; and

WHEREAS, Staff recommends that the Commission approve Liberty's final report as presented on February 14, 2019, and that the revised rates and revised tariff provisions set forth in the 2019 SOS-PCA-RARM Filing, as amended, be permitted to take effect on a temporary basis with usage on and after June 1, 2019;

**NOW, THEREFORE, IT IS HEREBY ORDERED BY THE AFFIRMATIVE
VOTE OF NOT FEWER THAN THREE COMMISSIONERS:**

1. The "Technical Consultant's Final Report - To the Delaware Public Service Commission - Delmarva Power & Light [Company] 2019 Request

² Due to the date of the Commission meeting the report was presented to the Commission in Executive Session because bidding information could not be released until February 21, 2019. The report was released on February 21, 2019.

Such rates shall be subject to refund, with interest, if the Commission determines in a final order that such rates are, in whole or in part, unjust or unreasonable.

3. Delmarva shall publish the form of notice attached as Exhibit "A" in the following newspapers, on the designated dates, in two-column format outlined in black:

Delmarva shall cause the affidavits of publication of the above notices to be filed in this docket within two weeks of becoming available.

4. Interested persons may file petitions for intervention, written comments, or objections to the proposed rates and tariff changes **on or before June 21, 2019**. If material written comments or objections are filed, or if Staff recommends changes to the proposed rates or tariff revisions temporarily approved by this Order, the Commission will determine, by further Order, the course of any further proceedings. If material written comments or objections are not filed and Staff

5. Delmarva is hereby notified that it will be charged the costs of this proceeding under 26 Del. C. § 114(b)(1).

**TO: ALL CUSTOMERS OF DELMARVA POWER & LIGHT COMPANY TAKING
STANDARD OFFER SUPPLY**

On March 26, 2019, Delmarva Power & Light Company ("Delmarva" or the "Company") filed with the Delaware Public Service Commission (the "Commission") an application requesting changes to its Electric Tariff related to its Standard Offer Supply ("SOS") service offerings including:

(a) Changes in the rates for "fixed" price SOS to reflect the bid prices from the recent "fixed price" SOS wholesale procurement process;

(b) Revision of the "Procurement Cost Adjustment" factors applicable to both fixed price SOS and hourly prices (SOS and returning customer) services; and

(c) Revision of the Reasonable Allowance for Retail Margin applicable to both fixed price SOS and Hourly Prices (SOS and returning customer) services.

According to the Company's calculations, not including the Qualified Fuel Cell Provider Project ("Bloom") or RPS Charge, the monthly bill for a residential customer using 840 kWh on an annual average basis will decrease by approximately \$5.24 (or a decrease of 4.70%).

On April 16, 2019, in PSC Order No. 9371, the Commission allowed the proposed rates and tariff changes, as amended, to go into effect with usage on or after June 1, 2019, on a temporary basis, but subject to refund with interest if the Commission later determines in a final order that such rates and charges are incorrect, unjust, or unreasonable.
